#### WILD GEESSE

In Large Numbers Stop Over Enroute South.

Wild geese in large numbers have been passing southward for several days. Wheat fields in South Christian, near The Square, have suffered considerably by their depredations. Several parties of this city visited the stop-over quarters of the birds and got several shots, but failed to bag any game.

Escaped From Jail.

Four prisoners escaped from the jail at Mounfordville by cutting through the wall. Five years before two of the four escaped from the same jail in the same way by cutting a hole in the same place.

### Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine smells the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of all this difficulty is kidney trouble, and the first and best remedy is towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

#### MAY MOVE.

Dr. Williams Will Probably Dispose of Property Here.

It is not unlikely that Dr. M. W. Williams will dispose of his property near the city and move to Central Kentucky. The new railroad passes through his farm, cutting it about half in two, thus rendering it less suitable for stock raising. Williams & Radford are breeders of blooded stock and have made a big success of the venture. They are just now in a position to increase their business extensively and it is to be hoped that they can arrange to continue here.

#### FARMER DEAD.

Officer Who Was Also Shot Will Recover.

Henderson, Ky., Jan. 17.—Richard Crook, who was shot by Police-mike Abel in a street duel in this city Monday night last while resisting an officer, died at the city sanitarium this morning after a disease suffering for two days. Physicians report that his intestines were pierced ten times. The weapon with which he was shot was a 41-caliber, 6 1/2 barrel Colt's, and it is considered a miracle that he survived as long as he did. Officer Abel, who was wounded by Crook, is improving.

#### NINTH TIME

This Man Has Filed Suit For Divorce.

John Baker, 30 years old, of Florida, Ind., filed his ninth divorce suit last week, charging Clara Baker with cruelty and infidelity. Baker for his age, holds the record for number of divorce suits filed. The relations existing between Baker and former wives furnish some novel features. All his divorced wives reside in the immediate vicinity of his home, and Baker and the women are on speaking terms and meet at social gatherings.

#### JOHN BULLARD

Appointed to Represent the Hopkinsville Tobacco Interests.

Louisville, Ky., Jan. 19.—Col. Sam H. Stone, former Auditor of Kentucky, but now president of the Stone Tobacco Warehouse Co., of Louisville, has accepted the chairmanship of the Sub-Finance Committee on Tobacco of the Kentucky Exhibit Association and will at once begin an active canvass among the tobacco firms and corporations of the State for subscriptions to the \$100,000 fund now being raised. The following well known tobaccoists have been appointed on Col. Stone's committee: A. C. Tompkins, Owensboro; R. H. Soaper, Henderson; John Bullard, Hopkinsville; W. O. Head, Charles Bridges, John Brown, John H. J. termann, Basil Doerhoefer and J. A. Lancaster, Louisville. Several additional co-committees are to be named by Col. Stone. He will probably see that every big tobacco growing county in the State has representation, so the contributions will be large.

And Prize Winner Killed by a Freight Train.

W. F. Royster, a prominent farmer, was killed by an L. and N. freight train at a road crossing near Roberts Friday night. The engine struck his wagon, throwing him about thirty feet. Mr. Royster enjoyed the reputation of being one of the "Old-time Fiddlers" of Henderson county, and carried off one of the prizes at the Elks' Fiddlers' Contest held in Henderson last winter.

#### ABANDONMENT

The Charge in Each of Three Divorce Suits.

Docket Beginning to Fill Up For Spring Term of Circuit Court.

During the past few days three divorce suits have been filed with the circuit clerk for trial at the spring term of court.

The first is W. J. Braeber against Minnie Braeber. The plaintiff states in his petition that they were married Jan. 1, 1902, and on Jan. 15, just two weeks after the marriage, defendant abandoned her home without any fault upon his part and returned to her father's home, where she has resided continuously ever since, and that she has refused to live with him.

Annie Leverett vs. William Leverett is the style of another suit. They were married in 1895 and lived together until 1901, says the petition. Abandonment is charged. Emma Gee sues for divorce from Lewis Gee. They were married in 1890, according to the petition, and lived together until February, 1901. Abandonment is the allegation in this case also. The defendant is a non-resident, and has been living in Howell, Ind., for some time. Plaintiff lives near Newstead.

The parties to the last two suits are colored.

#### DR. A. S. BENTLEY

Succumbs to a General Physical Collapse.

Dr. A. E. Bentley, a leading citizen and physician, died at his home in this city Sunday evening, after an illness of several weeks of paralysis, aged 65 years. He was a native of England, but came to America when young, and located in Kentucky. He was city judge at Seebree for several years, and was a member of the Hopkinsville city council one term. He was prominent in business circles, and was Eminent Commander of the Knights Templar Commandry of this city, and Chaplain of the local Lodge of Elks. He was an active member of the Cumberland Presbyterian church, and his funeral took place from that church yesterday afternoon. He was buried at Hopewell cemetery, the funeral services being conducted by the judges of which he was a member. He leaves a widow and one daughter, Mrs. W. E. Bourland, of Dixon.

#### CHARGE OF HOUSEBREAKING

Registered Against Gilbert, Who is in Jail.

William Gilbert, col., was arrested last Thursday afternoon on the Hooper farm, near the city, by Officer Jack Boyd. Gilbert is accused of breaking into Max Meyers & Sons' slaughter house and carrying off several beef hides. He was remanded to jail on a charge of housebreaking. The grand jury will look after the matter.

#### OUT ON PAROLE.

Bob Coleman Released From the Eddyville Prison.

Robert Coleman, col., who was sent to the Eddyville prison from this county, about six years ago, to serve eleven years for murder, has been paroled. Coleman is suffering with consumption. Three other prisoners afflicted in a similar manner were also released on parole at the same time.

Miss Cornelia Chambers, teacher of the school at Gracely, was taken with fever last Thursday and is unable to teach. She was able to leave Sunday for the home of her uncle, Mr. A. M. Henry, at Newstead. Her school lacked only a week of being out.

#### SECOND DEGREE MURDER

Was Verdict in Will Morrison Case.

The jury in the case of Will Morrison, of Pimco, this county, on trial at Nashville for the killing of Douglas Coffman, returned a verdict of guilty of murder in the second degree and fixed his punishment at twenty years in the penitentiary.

This was the third trial of the case. At Springfield, when the killing occurred, Morrison was convicted of murder in the first degree and sentenced to be hanged. This was reversed by the State Supreme Court.

He obtained a change of venue and at the second trial in Nashville the jury failed to agree, a majority of them holding out for first degree murder.

Mr. J. B. Allenworth, of this city, was one of the attorneys for the defense and made a speech, which was highly complimented. Motion for a new trial will be heard Jan. 24.

#### FRIGHTFUL ACCIDENT.

Arm Caught in Shredder and Horribly Crushed.

Mr. John M. Morris, the dairyman, who lives near the Western Asylum, happened to a frightful accident late last Thursday afternoon. He was "feeding" a corn shredder, when his hand was caught in the cylinder and terribly crushed. The injuries extended nearly up to the elbow and it was found necessary to amputate the limb at the elbow joint. Drs. Sargent and Jackson performed the operation Friday. Mr. Morris is now getting along as well as could be expected and if blood poison does not develop he will recover.

#### GOES WITH T. C.

Mr. John C. Davis Given Position as Road Master.

Mr. John C. Davis, of Springfield, Tenn., who for fifteen years has been Supervisor of track of the Henderson Division of the Louisville & Nashville Railroad, has accepted a position with the Tennessee Central as Road Master and will take charge of his new job next week, says the Robertson County News. Mr. Davis has not decided where he will establish his headquarters on the new road but it is more than likely that Lebanon will be the place selected.

Mr. Davis' new position is a much better one than the one he now holds and a nice increase in salary will accompany it.

It is not known yet who will succeed Mr. Davis with the L. & N.

## MARRIAGE OF GIRL

Who Once Ran a "Butch" in  
Rat Attire.Rockport, Ky., Jan. 13.—May  
Robertson, who donned boy's  
clothes last summer, and ran as  
well as performing several other  
stunts in male attire, is married.

The romantic part of her make-up  
came to the front even when she  
promised to be kind and true and  
obey. For she and the object of  
her affections ran off from Roches-  
ter to Central City, where they  
were married. Miss Robertson  
was known as the dining room girl  
in Echols Hotel, when Bill Carna-  
came in with a show. He boarded  
at the hotel for three days, where  
the erstwhile male impersonator  
was serving the meals, and with  
her boyish conquest, she was  
managed to capture the heart of  
the manager and the two eloped,  
although her father, who lives in  
Echols, stated that he would have  
had no objections, as he was rather  
anxious for May to settle down.

She said she enjoyed the freedom  
which parading in such a costume  
permitted. They will return to  
Echols, where they will live.

Don't Worry.

This is easier said than done,  
yet it may be of some help to con-  
sider the matter. If the cause is  
something over which you have no  
control it is obvious that worrying  
will not help the matter in the least.

On the other hand, if within your  
control you have only to act. When  
you have a cold and fear an attack  
of pneumonia, buy a bottle of Cham-  
berlain's Cough Remedy and use it  
judiciously and all cause for worry  
to the outcome will quickly disap-  
pear. There is no danger of pneu-  
monia when it is used. For sale by  
C. K. Wily, druggist.

Appropriated \$15,000.

The Allen county Fiscal Court  
has appropriated \$15,000 for a  
courthouse at Scottsville.

Mrs. Johanna Soderholm, of Fer-  
gus Falls, Minn., left and dis-  
located her shoulder. She had a sur-  
geon get it back in place as soon as  
possible, but it was quite sore and  
painful for very much. Her son  
mentioned that he had seen Cham-  
berlain's Pain Balm advertised for  
sprains and soreness, and she  
asked him to buy her a bottle of it,  
which he did. It quickly relieved  
her and enabled her to sleep which  
she had not done for several days.

The son was so much pleased with  
the relief it gave his mother that he  
has since recommended it to many  
others. For sale by C. K. Wily,  
druggist.

Deal Is Off.

The deal of the sale of the Louis-  
ville Hotel to Iscles, of Memphis, is  
off, because of the objections to the  
title.

Rev. Carlisle P. B. Martin, L. L. D.  
Waverly, Texas, writes: "Of a  
morning, when first rising, I often  
find a troublesome collection of  
phlegm, which produces a cough,  
and is very hard to dislodge; but a  
small quantity of Ballard's Hore-  
hound Syrup will at once dislodge  
it, and the trouble is over. I know  
of no medicine that is equal to it,  
and it is so pleasant to take. I can  
most cordially recommend it to all  
persons, seeking a medicine for  
throat or lung troubles." Price  
25c, 50c, \$1.00 bottle at R. C. Har-  
wick's.

A Reliable Remedy For Bowel  
Troubles.

Rev. J. M. Yingling, pastor of the  
Bedford St. M. E. Church, Cum-  
berland, Md., says: "It affords me  
great pleasure to recommend  
Chamberlain's Colic, Cholera and  
Diarrhoea Remedy. I have used it  
and know others who have used it  
and know it to fail." For sale by C. K.

## CONCERNING ROSE VALUES.

Some Recent Litigation Indicates That  
They Reach High Figures.

The rose in popular estimation is  
the queen of flowers, but appreciation  
of it is generally lost in the dry  
poet's expression, and its merits are  
not usually threshed out in the dry  
courts of law. It is true that it has  
been associated with one of the  
world's most interesting civil wars,  
but even there the part it played was  
one of sentiment and symbolism and  
we have waited until the utilitarian  
age to have that sentiment translated  
into terms of commercialism. Per-  
haps those terms have been appreci-  
ated before this by those who have  
sought to express themselves in floral  
language to friends or sweethearts,  
especially in the winter season, but on  
a large scale, says the Boston Trans-  
cript, they are enlightened upon the  
money value of these gems of the gar-  
den brought against the New York  
New Haven & Hartford rail-  
road by Miss Sarah B. Fay and Mich-  
ael H. Walsh, of Woods Hole.

Some time in May last year the  
company was burning some old build-  
ings at that place, and the defendants  
claimed that their rose gardens, situ-  
ated across the way, were seriously  
injured by the fire. As the company  
denied its liability, actions for dam-  
ages were brought and the cases were  
heard before an auditor, who found  
for Miss Fay and Mr. Walsh in sums  
rising \$5,000 and \$16,000 respective-  
ly. Before the cases were reached for  
trial in court the railroad company  
paid \$20,000 in settlement.

Probably Robert M. Morse never  
before argued a case in which he em-  
ployed rose language in such profes-  
sion as in this. "Robustness," "sweetheart" and "Lil-  
ian Nordica" should give to things  
precious in themselves, a higher  
touch of sweetness and perfection  
and, therefore, a higher value. To be-  
gin with, a half dozen experts gave  
Mr. Walsh's collection of roses the  
highest praise, one testifying that it  
was "unsurpassed in this country,"  
and another that it was the highest  
class he had "seen of any exhibitor in  
America without exception."

It is not often that even popular  
and successful lawyers find their  
paths strewn with roses and the court  
room filled with a divine fragrance.  
Yet we should think they would ap-  
preciate such an exceptional opportu-  
nity. The old detective in "The Moon-  
stone" had a vocation which was to  
find out the sins and crimes of others;  
but he had an avocation and a pas-  
sion, which was to grow roses and  
breed new varieties. The value of  
beauty has been rather indetermi-  
nate. Trees and flowers have been  
regarded as of small consequence  
when they get in the way of what are  
denominated the utilities, but they  
are rising in the scale of public appre-  
ciation, and precedents like the present  
will lend encouragement to the  
efforts that are making to increase and  
protect them.

LONDON CROWDS.

Not Nearly So Enthusiastic as Simi-  
lar Gatherings in Russia.

One of the things that most im-  
pressed Gen. Wood, says the London  
Chronicle, was the stolidity of the  
London crowds. They disappointed him.  
He had heard so much of  
"British cheers" that he expected to  
see all American tourists thrown  
into the shade. Instead of that he  
found less show of enthusiasm, even  
when the king and queen rode  
through the city, than met with any  
day in the states at a baseball match.  
This is a comment which  
American visitors often make, and  
not without reason. The London  
crowd is more hearty and vociferous  
than the French or German crowd,  
but compared with an American  
gathering on any big occasion, a polit-  
ical meeting, for instance, a civic  
welcome to a victorious admiral, or a  
variety football match, it is as Aber-  
waterfall to Niagara. On the other  
hand, it is claimed that the Ameri-  
cans do not really cheer, they yell.

Wholesale Bird Destruction.

The precise number of birds esti-  
mated by the British canal in Vene-  
zuela to have been killed last year  
to provide cigarettes for ladies' hats  
was 1,638,738.

Leaves on a Single Tree.

The number of leaves on a large,  
60-foot high oak tree has been count-  
ed, and found to exceed 6,000,000.

## TAKE WINE

"For thy stomach's sake" was doubt-  
less the prescription of apostolic times  
for "stomach trouble." Wine for eight-  
een hundred years past has been a  
favorite prescription for poor digestion  
among general practitioners. You need  
a little wine to warm up the stomach,  
or to stimulate the stomach, as the case  
may be, was the common form of the  
prescription. But nobody has yet said  
you need a little wine to cure stomach  
trouble. Wine won't do that. And  
yet that's the one need of the diseased  
stomach—not stimulation, but cure.

Dr. Pierce's Golden Medical Discovery  
cures diseases of the stomach and  
other organs of digestion and nutrition,  
and thus restores lost flesh and lost  
strength through the assimilation of  
perfectly digested food.

"Nineteen years ago, I was taken sick with stomach trouble," writes Mr.  
James H. Melling, of 222 Washington St., Syracuse, N. Y. "I consulted  
to treat with different physicians and in the length of time fifteen different  
physicians have treated me, off and on, up to a year ago. Some of the phy-  
sicians claimed I had liver complaint, others said Bright's disease, others  
said intestinal dyspepsia. I have had doctors tell me they could do no more  
for me. Have in the time mentioned tried any number of other medicines.  
I must acknowledge that I have been in all of them, but none of them from any  
doctor or other medicines the benefit that I received from Dr. R. V. Pierce's  
Golden Medical Discovery. It has done wonders for me, and I cannot speak  
too highly in its praise."

The sole motive for substitution is to permit the dealer to make  
the little more profit paid by the sale of less meritorious medicines.  
He gains; you lose, therefore accept no substitute for "Golden  
Medical Discovery."

# Great Story of Standard Oil

"Miss Tarbell's work is of unequalled importance as a 'document' of the day. Her story has live meat in it; they suffer and work and win and lose their battles with the verisimilitude that removes the tale from the dry statement and clothes it with the color of human interest and the vivid rainbow garment of human sympathy." "The results of her work are likely to be far reaching; she is writing unfinished history."—Boston Globe.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

## How Can I Keep Up with the Times?

IT is pretty hard to keep well informed on the political news, the scientific news, the literary news, the educational movements, the great business developments, the hundreds of interesting and valuable articles in the hundreds of excellent magazines. About the only way it can be done by the average busy man and woman is to read a magazine like "The Review of Reviews," and, as it is the only magazine of the sort, it is a good thing to send \$3.00 for a year's subscription.

PRESIDENT ROOSEVELT says: "I know that through its columns views have been presented to me that I could not otherwise have had access to; because all earnest and thoughtful men, no matter how widely their ideas diverge, are given free utterance in its columns."  
EX-PRESIDENT GROVER CLEVELAND says: "I consider it a very valuable addition to my library."

## A FATAL MISTAKE

Is Often Made by the Wisest People.

It's a fatal mistake to neglect backache. Backache is the first symptoms of kidney life. Serious complications follow. Doan's Kidney Pills cure them promptly.

Don't delay until too late. Until it becomes diabetes—Bright's disease.

Read what this gentleman says: Capt. D. W. Welsh, keeper of the Wood County Infirmary, Portersburg, W. Va., says: "I had to go around trying to evade pain constantly, aware that a false step, jerk or twist would bring punishment, and I was afraid to handle anything for fear of a reminder in the shape of a twinge of pain. I read about Dr. N. M. Doan's drug store on Third street, and have something to get in the drug line every time I come in. It was when I read about Doan's Kidney Pills and I took a supply home with me and used them. My wife used them and my sister, Mrs. A. Aniol, of No. 516 Second street, used them. They cured the three of us. I am here in the city every few days and can substantiate the remarks I have made."

For sale by all druggists. Price, 50 cents a box. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

### The Cosmopolitan.

Several years ago a suggestion was made to President Eliot of Harvard that, inasmuch as the first thing a young man ordinarily did on graduating from college was to choose his life-work, it was important that each student should have presented to him a thorough discussion as to the advantages, disadvantages and temptations of each of the leading professions, so that in determining his life-work he might act with the fullest knowledge attainable. The Cosmopolitan has begun this discussion in its January issue by taking up the legal profession. Besides pointing out what the young man has to encounter in entering upon a lawyer's career, The Cosmopolitan considers at length the revolution which has taken place in the legal profession because of the reorganization of business in great aggregations like the U. S. Steel Corporation, and modern business instruments, such as trust companies, title and guarantee companies, and fidelity insurance companies.

### Unwell.

Try a 50c bottle of HERBINE, notice the improvement speedily effected in your appetite, energy, strength and vigor. Watch how it brightens the spirits, gives freedom from indigestion and debility! Isaac Story, Ava, Mo., writes Sept. 10th, 1900: "I was in bad health, I had stomach trouble for 12 months, also dumb chills. Dr. J. W. Mory prescribed HERBINE, it cured me in two weeks. I cannot recommend it too highly. It will do all you claim for it." Sold by R. C. Hardwick.

### Gave Wrong Signal.

Four persons were killed at Cumberland, Md., in a wreck, caused by a messenger boy, who threw a switch signal, giving a lightning express train a clear track, when it should have been blocked.

### A Cure For Lumbago.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." Sold by C. K. Wyly.

### Resignation Accepted.

The resignation of Attorney General E. P. Dole, of Hawaii, has been accepted.

### Simple Colds.

Cease to be simple, if at all prolonged. The safest way to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c and \$1.00 bottle at R. C. Hardwick's.

### Factories Consolidate.

The fourteen salmon canning factories of Southeast Alaska have been merged into one company.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds down to the very verge of consumption.

### Appointed Treasurer.

Maj. Clifford D. Ham, of Dubuque, Ia., has been appointed provincial treasurer of the Philippine islands.

## HOW DOLLS ARE MADE.

Interesting Process by Which Millions Are Turned Out Every Year.

Of whatever material the doll is made—wax, porcelain or composition—the process by which its beauty is evolved are practically the same, says the Woman's Home Companion. First, the head, in France and other European countries machinery is little used. The hot liquid is ladled into the lead or plaster molds. Over her the workman, holding the mold in one hand, turns a faucet, and allows the steaming white mixture to run into the cavity. Quickly reversing the mold over an opening in the tank, he grasps and fills another, and another, reversing each one to allow all the mixture which does not immediately adhere to the sides of the mold to run back into the tank.

Another workman seizes the mold as soon as it is cool enough to handle, and with two movements of his hands separates the head sides and pulls out the doll's head. It is not a lovely object in this stage, nor ten minutes later, even when the polisher has trimmed off the ragged seams and the hair has dipped it in flesh-colored paint. If it is a wax doll its complexion resembles a freshly boiled lobster. This is because the wax itself is white. Some of us found that out for ourselves when we surreptitiously sampled the cheeks of sister's idol in lieu of forbidden chewing-gum, not dreaming that the streaks would show.

A girl or youth next paints the eyebrows, lips and cheeks, and a man puts in the eyes. This last is a simple operation, unless the eyes are to open and shut, when the balancing of the lead becomes a matter of some skill. Nothing now remains but to put on the head-dress, which is carefully curled and arranged by an expert workman. No more dolls are intrusted with the doll's coiffure, you may assure yourself.

The best doll-bodies are stuffed with shavings of cork, hair, excelsior, cotton and sawdust are also used. The arms and legs are molded exactly as the heads, and are sewed to their places by deft-fingered girls.

The great majority of dolls are sent to market without being clothed at all, but doll-dress making is a very important branch of toy manufacture.

Don't let the little ones suffer from eczema, or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

### First Opinion.

Judge Barker's first opinion in the Court of Appeals was a reversal of the proceedings in the Boring divorce case, on the appeal of Mrs. Boring for more alimony.

Get a free sample of Chamberlain's Stomach and Liver Tablets at C. K. Wyly's drug store. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25c per box.

### Oliven One Year.

Jim McKinney, coal, pleaded guilty in the Criminal court and was given one year in the penitentiary for breaking in the store of Wm. Woolfolk, Louisville.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

### Big Deal.

Louisville capitalists have purchased the public utilities of Scranton, Miss., several plants and railroads being included in the deal.

Monarch over pain. Burns, cuts, sprains, stings, instant relief. Dr. Thomas' Electric Oil. At any drug store.

### Meet at Detroit.

Detroit has been selected by the Cigar Dealers' Association for the second annual convention next year.

Those desiring life insurance will find it their interest to investigate the plans and record of the Mutual Benefit Life Insurance Company of Newark, N. J. No stockholders. All profits divided among policy holders. It is conspicuous for economical management, liberality of its policy contract, fair-dealing with its members and large annual dividends to reduce cost of your insurance. WALLACE & MOORE, Agents.

## ANNOUNCEMENTS

We are authorized to announce

MR. WEBB C. BELL.

Of Christian County, as a candidate for Railroad Commissioner in the First Railroad District of Kentucky, subject to the action of the Democratic party. Election Nov. 1903.

We are authorized to announce

R. C. CRESHAW.

Of Christian County, as a candidate for Commissioner of Agriculture for Kentucky, subject to the action of the Democratic party. Election November, 1903.

Gov. Frazier, of Tennessee, will be inaugurated to-day at noon.

The annual convention of the Union Miners is in session at Indianapolis, with 1,200 delegates from 24 states.

The deadlock continues in the North Carolina Senatorial caucus, with Overman 15 votes short of a nomination.

Hermann, the Magician, will be in Louisville three nights of this week, with his wonderful tricks. Of course the desire to learn something new in that line will cause a big attendance from out-of-town places like Frankfort.

Speaker Whitecollon, of the Missouri House, is a candidate for Governor. He is evidently looking for a soft place to plant himself, but if South Carolina methods of campaigning are to be adapted, he may have to consider the bale question also.

The largest gun ever made was given a successful trial at New York Saturday. The gun is sixteen inches and it costs about \$35,000 to shoot it. It requires 640 pounds of smokeless powder to throw a projectile weighing 2,400 pounds a distance of five miles.

Owensboro has put up a guarantee of \$17,500 and will have the State fair next September. Louisville and Lexington were also applicants, but the Western town met and overcame every obstacle until the fair was secured.

The machine gang at Frankfort are now figuring in the role of obstructionists. They are afraid to risk the court of appeals on the injunction case and will fight for delay, refusing to agree to have the test case advanced.

A female mind reader in Evansville looked into Owley Stanley's face and told him what he was thinking about. That was easy enough in the Kentucky Congressman's case, but suppose the lady had tried her experiment on some primary election advocate who had nothing to think with?

Lieut. Gov. Tillman, who attempted to kill Editor N. G. Gonzales, of Columbia, S. C., is a nephew of Senator Ben Tillman, and his term as Lieutenant Governor will expire this week. His attack upon an unarmed man, six months after the publication alleged to be offensive, has given him some very unenviable and unpleasant notoriety all over the country. It is difficult to see how he can escape conviction.

## \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by catering to the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Sent for list of testimonials.

## Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"It has been a long time since we have been without Hood's Sarsaparilla. My father, thinking he could not do without it, has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." Miss Anna Perry, Sidney, Iowa.

## Hood's Sarsaparilla and Pills

Remove the cause of rheumatism—no outward application can take them.

A Union Labor paper at Tampa, Fla., is owned by the Federated Trades and edited under a contract which cannot be terminated. Editor Judson has been booming Gov. Jennings for Senator and the owners of the paper have enjoined him from publishing any more such articles.

The coal trust is the first unlawful combination to feel the knife in its ribs. The act putting coal on the free list was passed without formidable opposition from either party, and free coal is now an accomplished fact. The trouble is that the foreign coal is not enough to seriously affect the price, except in the border states.

A Milwaukee man bent on suicide changed his mind when he struck the ice water in the river into which he jumped and called loudly for a life preserver. He was rescued.

A New York euchre party was attended by 7,500 players, who sat at 1,875 tables.

Former Mayor Abram S. Hewitt, of New York, died Sunday, aged 83 years.

## Farm For Sale.

My farm of about 225 acres, near the city, is offered for sale. It is well improved. The live stock on the place together with all household and kitchen furniture and farming implements, etc., will be sold at public auction on Saturday Jan. 31, on the premises. Terms made known on day of sale. The farm will be sold privately before that date if desired.

Mrs. V. E. ELMOTZ,  
Hopkinsville, Ky.

## HORSES KILLED

Found to be Afflicted With Glanders.

Mr. D. J. McClelland, who lives on the Phelps place, has been forced to kill his horses and mules on account of glanders.

Dr. Eisman, State Veterinary Surgeon, was called to examine the animals, and pronounced the disease well developed glanders, and ordered those attacked by it to be killed. Seven head of valuable stock were destroyed, the bodies being burned.

Every precaution has been taken to confine the disease to the farm where it appeared, and it is not believed it will gain a foothold in the county.

As a further precaution against the spread of the disease, Health Officer R. L. Woodward has ordered all the public watering troughs to be cut off.

The disease is thus described: "Lungs or air passages always affected, flesh fades, glands swell, spirits low, appetite bad. A hyphatic gland adheres to the inside of the jaw; the membrane inside the nose ulcerates; a slight discharge from one nostril. This becomes thicker and adheres to the margin of the nostril, exhibiting white threads and bits of mucus; then it changes to a full stream of foul pus; next the nasal membrane grows dull and dropsical; the margins of the nostril enlarge, the discharge turns discolored and the animal dies of suffocation."

There is no known cure.

## LOCATES AT STURGIS.

Mr. J. W. Mitchell and Family Will Leave To-Morrow.

Mr. John W. Mitchell, of this city, together with his family, will leave to-morrow for Sturgis, where he will locate and engage in business. Mr. Mitchell was for several years engaged in business at Herndon, South Christian, but moved from that place to this city about a year ago and accepted a position with Forbes & Bro., in the blacksmithing department, which position he held for many years previous to his removal to Herndon. Mr. Mitchell is an expert workman, a fine business man and a good citizen, and has many friends in this city who will wish him well in his new home.

## Notice.

Notice, to all whom it may concern is hereby given that upon the 17th day of January 1903 there was filed in the clerks office of the Christian Circuit Court a petition in the name and on behalf of the city of Hopkinsville, against M. F. Crenshaw, the object of which proceeding is to annex certain territory lying on the South side of Hopkinsville, Ky., between the Palmyra road and the Cox-mill road, and more fully described in said petition, to and include same in the corporate limits of the city of Hopkinsville. And if no defense is made to said petition at the term of the Christian Circuit Court commencing on Feb. 23rd, 1903, or the court grant further time for making defense the court will render a judgment annexing said proposed territory.

Given under my hand as clerk of the Christian circuit. This January 17th, 1903.

## PASSED CENTURY MARK

## BLOOD HUMOURS

Skin Humours, Scalp Humours, Hair Humours,

Whether Simple Scrofulous or Hereditary

Speedily Cured by Cuticura Soap, Ointment and Pills,

When All Other Remedies and Best Physicians Fail.

COMPLETE TREATMENT, \$1.00.

In the treatment of torturing, disfiguring, itching, scaly, crusty, pimply, blotchy and scrofulous humours of the skin, scalp and blood, with loss of hair, Cuticura Soap, Ointment and Pills have been wonderfully successful. Even the most obstinate of constitutional humours, such as bad blood, scrofula, inherited and contagious humours, with loss of hair, glandular swellings, ulcerous patches in the throat and mouth, sore eyes, copper-colored blotches, as well as boils, carbuncles, scurvy, sties, and all sorts of eruptions from an impure or impoverished condition of the blood, yield to the Cuticura Treatment, when all other remedies and methods fail.

And greater still, if possible, is the wonderful record of cures of torturing, disfiguring humours among infants and children. The suffering which Cuticura Soap, Ointment and Pills have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless cures for the skin and blood. Infantile and birth humours, milk crust, scall head, eczema, rashes and every form of itching, scaly, pimply skin and scalp humours, with loss of hair, of infancy and childhood, are speedily, permanently and economically cured when all other remedies are suitable for children, and even the best physicians, fail.

## MEMORIAL SERVICE

Held at Methodist Church in Honor the Late Dr. Settle.

A beautiful and impressive memorial service in memory of the late Dr. Henry C. Settle, was held at the Methodist church, Sunday morning. The large auditorium was filled with an audience that attested to the popularity of Dr. Settle, who was pastor of the church here from 1893 to 1897, and no minister ever served the church more acceptably nor did more toward building it up. The musical program was unusually fine. Judge McCarroll read the report of the committee on resolutions, which were a recital of the noble work he had done not only here but at Owensboro, Louisville and other points where he had served as pastor. A copy of the paper was directed to be sent to Mrs. Settle. There was no sermon, but the remarks of Dr. Southgate, the pastor, were appropriate, and moved many in the audience to tears.

## SOCIETY APPEALS

For Detailing of Army Officers as

Escorts.

A Washington dispatch says:

"It is current gossip in Washing-

ton society this afternoon that a

tremendous social pressure is to be

brought upon the President, the

Secretary of War and the Secretary

of the Navy to have detailed in

Washington several score of young

officers of both branches of the ser-

vices. The fashionable authorities

declare that never before in the his-

tory of the capital's social regime

has there been such an absolute

derth of available dancing men at

the many dinners and social events

in Washington.

On Saturday evening there were

16 dinner parties given by fashion-

able hostesses, who were put to

their wits' end to find available

partners, for the girls have literally

sent their invitations broadcast to

New York, Philadelphia and Bal-

timore."

Remarkable Cure of Croup.

A LITTLE BOY'S LIFE SAVED.

I have a few words to say regard-

ing Chamberlain's Cough Remedy.

It saved my little boy's life and I

feel that I cannot praise it enough.

I bought a bottle of it from A. E.

Steele of Godwin, S. D., and when

I got home with it the poor baby

could hardly breathe. I gave the

medicine as directed every ten min-

utes until he "threw up" and then

I thought sure he was going to

choke to death. We had to pull the

phlegm out of his mouth in great

long strings. I am positive that if

I had not got that bottle of cough

medicine, my boy would not be on

earth today.—JOEL DEMONT, In-

wood, Iowa. For sale by C. K.

Wily.

No Action This Session.

The House Committee on Military

Affairs decided to take no action

this session on the canteen ques-

tion.

An Attack of Pneumonia Warded

Off.

"Some time ago my daughter

caught a severe cold. She com-

plained of pains in her chest and

had a bad cough. I gave her

Chamberlain's Cough Remedy ac-

cording to directions and in two

days she was well and able to go

to school. I have used this remedy

in my family for the past seven years

and have never known it to fail.

says James Prendergast, merchant,

Anato Bay, Jamaica, West India

Islands. The pains in the chest in-

dicated an approaching attack of

pneumonia, which in this instance

was undoubtedly averted by the

use of Chamberlain's Cough Remedy.

It counteracts any tendency of a

cold toward pneumonia. For sale by

C. K. Wily.

Men in Idleness.

Five thousand men are in en-

forced idleness at East Chicago,

Ind., on account of the lack of coal.

Free Cure for Sick Headache.

Chamberlain's Stomach and Liver

Tablets are a certain cure for sick

headache. If taken as soon as the

first indication of the disease ap-

pears they will prevent the attack.

Get a free sample at C. K. Wily's

drug store and give them a trial.

Increased 30 Per Cent.

New River, W. Va., coal opera-

tors, have increased the wages of

their employees 30 per cent.

Aching in the small of the back is

an indication of Bright's Disease.

The proper course in such cases is

to take a few doses of Prickly Heat

Bitters. It is an effective kidney

remedy and bowel regulator. R.

C. Hardwick, special agent.

Donated Large Sum.

John D. Rockefeller has given

\$100,000 to the Y. M. C. A. in Brook-

lyn.

If troubled with a weak digestion,

belching, sour stomach, or if you

feel dull after eating, try Chamber-

lain's Stomach and Liver Tablets.
